

CONDUCTORS ARE RELIEVED

Discipline on Oregon Short Line.

Three of the Oldest Men Have Been Removed From Their Posts.

Next Move Will Be at Pocatello and Trainmen Are Wondering What Will Happen Next.

The hand of discipline has reached the Utah division of the Oregon Short Line and in consequence three of the oldest passenger conductors on the road have been relieved from duty. As is usual in such cases, nothing is given out for publication, and the move has been made without any special public notice, even with the employees of the railroad many not knowing yesterday that such a move had been made. The three men relieved from the Utah division are J. M. Caboon, the Rogers and the Condon, but it is said that there will be others. Just as soon as the local division is adjusted the Idaho and Montana divisions will be taken care of and around Pocatello every trainman is living temporarily on Uneasy Street.

WINDING UP THE DEAL.

Oregon Short Line Bonds for Northern Pacific to Be Retired.

NEW YORK, Oct. 25.—There is reason to believe that plans have been nearly completed for retiring the Oregon Short Line participating 4 per cent bonds, issued by the management of the Union Pacific railroad to finance the purchase in 1900-1901 of \$7,105,000 of Northern Pacific stock. The latter was exchanged for \$2,451,571 of Northern Securities stock and \$4,653,429 in cash. The latter stock was deposited with a trustee as collateral for the Short Line bonds. The latter were to draw 4 per cent and participate in any excess over that amount paid by the Northern Securities collateral.

Will Retire Bonds.

As dividends on the Securities collateral are stopped by the order of dissolution from the Supreme court, it is understood that the bonds will be retired and the Northern Securities stock left free to the Oregon Short Line treasury, so that the bonds may not stand in the way of an equitable distribution when the Securities company is wound up. Interest payments on the bonds have become, since the decision was rendered, dependent on the Union Pacific, which guaranteed them.

Permitted by Mortgage.

An arrangement for retiring the bonds before maturity in twenty-five years is permitted by the underlying mortgage, which provides that any or all can be retired at 102½ and interest upon three months' notice to holders, before any interest day.

BUYS POISON IVY.

Union Pacific Said to Be After the Chicago Great Western Road.

Reports from the East are to the effect that the Union Pacific has secured the Chicago Great Western, known to railroad men as the Poison Ivy route. While this is partly due to headquaters, yet it will be generally believed. With the exception of the line the Western in Wall Street and the Stubs in Chicago, but just as they form a really effective pool the Great Western, with its few hundred miles, is a model of the business. If it does not get the traffic it dominates the traffic of the other lines. In railroading the road is known as a "disturbing element" and naturally the syndicates wish to remove all elements from their peaceful railroad life, which will be a model one when there will be no competition nor out rates.

Danger Signals Unless Track Is Clear

Special to The Tribune.
OGDEN, Oct. 25.—It is learned in railroad circles here that the Harriman plan of dispatching trains, similar to that in use on the Northern Pacific, is being studied. Engineers are to assume that the plan is not clear unless otherwise notified, compelling various station agents to keep danger signals displayed both day and night and if the track is clear the signal is lowered.

Montana Railroad Company Sued.

Special to The Tribune.
OGDEN, Oct. 25.—The Utah Construction company of this city has filed suit against the Montana Railroad company for the sum of \$25,000, alleged to be due on unpaid balance of a certain contract for the construction of the Lewiston Extension of the Montana railroad.

Railroad Notes.

President Frank Trumbull of the Colorado Southern went west on the Rio Grande yesterday.
General Superintendent J. H. Young and A. B. Benton of the passenger department were in Ogden yesterday on business.
L. H. Farnsworth of the Western Pacific was a passenger on No. 2 going east yesterday.

Vice-President Baneroff and General Superintendent Buckingham of the Short Line went to Sparks yesterday for a general inspection.

A. W. Meyer, who died in this city yesterday, was the auditor of disbursements for the Rio Grande, and his son, E. W. Meyer, took the body home to Denver yesterday, local officials doing all in their power to assist the bereaved relatives. Mr. Meyer was considered a capable official.

Billy Bond, formerly with Manager Edison, is now a broker at Goldfield, Nev., with Sam Warmbach, formerly with R. Colburn in this city.

Frank D. Brown, a stenographer of this city, who has been various offices on the Rio Grande both here and at Denver, has been taken to New York by Chairman Gould as one of his office stenographers.

Paul P. Nolan has been enjoying a visit from his brother, George M. Nolan,

formerly of this city but now of Boise. His wife accompanied him and they are just back from the East.
R. B. Turner has resigned as general superintendent of the C. H. & D. line which is now under Mr. Hardin's direction and of which J. A. Edison is general manager. This creates a vacancy, which no doubt will be filled by General Superintendent Coughlin of the Denver & Rio Grande.

Assayer Parks of the Cerro de Pasco arrived in the city yesterday from Peru on his way home from San Francisco. He reports all the Utah boys as being very well and things moving successfully on the new road and at the mines.

The Union Pacific continues to hold the center of the stage. That something is up is positive.

The Salt Lake Route has secured in Los Angeles a site for a new station which is to cost \$100,000.

The Provo depot scheme is still under advisement. Mr. Edison this fall plans, some delay may result, as he had the matter in hand. Provo, however, is assured a new station, if not two.

The Utah railroad is built from Mack to Dragon, Colo., fifty miles.

A. E. Kimball, who is still in the city from Mexico, is enjoying a visit daily at the railroad office, he having formerly with the Short Line's fiscal department.

The jurisdiction of recent executive appointments on the Missouri Pacific has been extended to the St. Louis, Iron Mountain & Southern.

Material for the Tanana railroad cannot be shipped to Alaska this fall, as the contract for twenty-eight engines for the Tanana Pacific has been placed in the hands of the Western Pacific. This looks like business.

Vice-President Baneroff states that the Salt Lake and the shop plant at Sparks will be second to none in the whole West.

An extra gang of Greeks has been put to work in finishing the Layton cut and ballasting the line between here and Ogden. About ten trains a day from Jordan Narrows are being sent to the district.

POLITICS AT LARGE

CHICAGO, Oct. 25.—Mayor Carter H. Harrison left for New York today. He stated that he had been summoned on the long-distance telephone by Judge Alton B. Parker and Mr. William F. Sheehan.

HONOLULU, Oct. 25.—The Board of Health recently issued an order prohibiting the visits to the lesser settlements of political speakers. Today a candidate for a county office filed a suit in the Federal court in which it is sought to restrain the Board from giving effect to its order.

ADRIAN, Mich., Oct. 25.—Senator Charles W. Fairbanks began his Michigan tour today at Monroe. In suite of the fairly heavy rain in the morning he heard the Senator, who spoke of the prosperity of the country.

Every itching disease of the skin quickly cured by Dean's Ointment.

APPEAL TO MEN

Men Who Suffer From Waste of Strength, Nervous Debility, Varicocle, Early Decay, Rheumatism, Weak Back, Stomach and Kidney Trouble.

NO MAN SHOULD BE WEAK; NO MAN SHOULD SUFFER THE LOSS OF that vital element which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer for the sins of his youth, when there is at hand a certain cure for his weakness, a check to his loss of strength.

Most of the pains, most of the weakness of stomach, heart, brain and nerves from which men suffer are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The element which you have lost you can get back, and you may be as happy as any man that lives.

My Electric Belt, with Special Electric Suspensory, will restore your strength. It will check all drains and give back the old vigor of youth.

I have cured thousands of men who have squandered the savings of years in useless doctoring.

My belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no stinging or burning, as in old-style belts), and you feel the nerves tingling with the new life flowing into them. You get up in the morning feeling like a two-year-old.

An old man of 70 says he feels as strong as he did at 35. That shows it renews the vigor of youth.

It cures Rheumatism, Sciatic Pains, Lumbago, Kidney Trouble. It banishes pain in a night, never to return.

IMPOTENCY, VARICOCELE AND GENERAL DEBILITY.

Dr. McLaughlin—
Dear Sir—I am sure that I am completely cured, for I do not feel anything of my disease, and I assure you that I congratulate myself on having found such an effective remedy as your Belt. I shall recommend the treatment to every one I meet. Yours truly,
G. B. STAFFORD.

Wolton, Wyo., March 4, 1904.

What ails you? Write and tell me, and no matter where you are, I think I can give you the address of some one in your town that I have cured.

Every man who ever used it recommends it, because it is honest. It does great work, and those whom I have cured are the most grateful because the cure costs so little.

Every man who uses my Belt gets the advice and counsel of a physician free. I give you all that any medical man can give you, and a lot that he can't.

Try my Belt. Write me today for my beautifully illustrated book with cuts showing how my Belt is applied, and lots of good reading for men who want to be "The Noblest Work of God." A MAN. Inclose this ad. and I will send this book, sealed, free.
